

2013 CORVETTE SHOW A VERY SPECIAL DAY

APRIL 2013 EDITION NEWSLETTER

OUR BEST OF SHOW WINNER **2013 CCVETTS CAR SHOW** *Friday and Saturday* *March 22-23*

The fun started on Friday night with a welcome cruise in at **Beef O Brady's** with a BIG crowd from local and our out of town guests. Beef's management and staff were glad to see us. Beef's has also been a great supporter of the club and we thank them. The Lighthouse fund is also made possible by a percent of what is spent on our cruise nights.

Some thought a little rain might slow things down, WRONG. It just added to the drama of our show Saturday at **Dale Earnhardt, Jr. Chevrolet**. What a great group showed up.

A great turnout was still there even though we did get a cloud burst. Just before lunch we had a break in the weather and cars were dried and shined.

Fresh fried shrimp and fish along with delicious baked goods made the rain seem to be only a slight problem with so many great cars to look over. The silent auction had some real good items and one nice handmade mosaic table got a lot of attention and bidding frenzy.

Vetts on display this year covered all the eras of C1 to C6 from a beautiful Bloomington Gold and NCRS Top Flight 1953 convertible to a White C6 Grand Sport with less than five hundred miles, race cars and customs, too.

Awards were given and many folks said what a great show this year even if it was a little damp, it was not blazing hot.

Our guests commented on how kind our members were and such great hosts of the Capital City. Big things are to come for our 2014 Show and all want to be included. Most important is our charity work with the Lighthouse Children's Home and NCM. Thanks to all club members, vett lovers, and guests for their support of our 2013 show. Kenny and Russ and ALL who did a part as the Show Team, say THANK YOU!!!

OUR SHOW "SUPER SPONSOR"

Thank You to MELODE MELKO of ALTRUA GOBAL SOLUTIONS for our new Club Banners to be used at club events!

First C7 Signal 4, No Injuries except to Ego!

Update: Chevrolet has provided a response to the incident:

"We can confirm that during routine testing, a Stingray was involved in a one-car accident. During evaluation, due to driver error the inside tire caught the edge of the pavement during a tight corner, leading to the accident. Thankfully, no one was hurt, the car received only minor damage, and no citations were issued."
